

Dear Lady 9ers,

As co-captain one of my responsibilities is to welcome new members and assign a "mentor" to them. As you may have noticed, our club is growing at a rapid rate. In the month of March alone, we welcomed 6 new members to the Lady 9ers.

**We are in need of mentors.** This is not a difficult job and you don't have to be an "authority" on golf. Our website provides an abundance of information with regard to rules and regulations of golf.

A mentor is someone who is willing to reach out to a new member, play enough rounds with them to where they are familiar **and comfortable** with how our Tuesday sweeps work. They would walk them through signing up and posting their score. A mentor should belong to the Lady 9ers herself for one year. But mostly a mentor is a friendly face that makes a new member feel welcomed and introduces them to other players.

If you are willing to Mentor new members, or have any questions, I would love to hear from you.

Here is my contact information:

Mobile: (916) 837-0305.
