4. All proceeds from the Marketplace benefit Women of Worth

Exquisite items are coming in for our French Christmas Market including this one of a kind 70x70 inch handmade *Elephant Quilt!* The photo does not do justice to the amazingly rich colors and designs. A handout of the quilt's history will be included for the lucky winner of this quilt!

The *Elephant Quilt* was part of the Pattern & Decoration Movement, drawing from both ethnic and domestic traditions in order to merge the aesthetic of modern art with the motifs from folk and women's crafts. The goal was to express humanistic themes...in other words, marrying pure geometry with everyday patterns.
